CrossWay International's History

CrossWay International was founded in 1997 by Dean and Joan Chollar, when they returned from Belgium where they had been missionaries for 11 years.

In the first years, the main focus of the ministry was evangelism and training overseas, with some preaching and training in the States in between mission trips. The ministry has since grown to include new means of reaching out to the lost.

Although Dean has been physically blind since 2002, he has now traveled to more than 50 countries to share the gospel, lead evangelistic campaigns, preach and teach in various capacities, and to encourage local Christian leaders.

In 2007 CrossWay began opening doors for sharing the gospel through numerous overseas projects. These included income-generating projects and providing critical aid to those in need, such as water wells, medical clinics, schools, and care for orphans and needy kids.

As the ministry has grown, God has brought alongside a gifted staff, and new missionaries, in addition to our faithful coworkers overseas.

For a more complete picture of our ministry, go to www.gocrossway.org.

Mission Statement:

CrossWay International is committed to spreading the clear gospel message of God's grace throughout the world.

CROSSWAY INTERNATIONAL

Opening Hearts for the Gospel

CrossWay International is a mission organization committed to taking the clear presentation of the gospel of God's grace to a lost and hurting world. One of the major ways we promote the spread of the gospel is by providing critical aid to those in true need. By meeting their physical needs, we help to open hearts for the gospel through projects such as:

Water Well Drilling - One of our most productive projects has been the drilling of water wells for villages which have no clean, safe drinking water.

Orphans and Needy Kids - The sponsoring of children in desperate need has also been an effective way

to reach out. One way we do this is through animal husbandry and agricultural training.

Medical Clinics - As we establish and sponsor medical clinics, families are open to hearing of Christ's love.

Schools - Establishing ESL and Elementary Schools is another way to open hearts of families as we help to provide the needed education that is otherwise not affordable.

Sharing the Gospel

CrossWay International is involved worldwide in sharing Christ wherever possible. One way we do this is through evangelistic events. These include well

dedications, open-air preaching, campaigns, visiting orphans and needy kids, door-to-door visitation, music, games and puppet shows.

Our missionaries also lead groups in life-changing short-term mission trips.

In addition, we produce evangelistic materials. These include booklets, tracts, and our Gift Cube, which has been used widely to make the gospel message clear in cross-culturally relevant pictures.

Training Others to Share the Gospel

Another way we promote the spread of the gospel is by teaching evangelism through Evangelism Seminars and Pastors Conferences. There is little training available to pastors in many countries. We can impact the Church by offering grace-based training in evangelism and other subjects to pastors overseas.

Our team includes U.S. based missionaries, and national co-workers. We are available for preaching, teaching, and personal evangelism seminars for churches in the U.S. and overseas.

Although we have ministered and shared the Gospel in over 50 countries, we are now primarily focused in Kenya, Ethiopia, Liberia, Tanzania and Nicaragua.

*Our heartbeat is the eternal message:
By grace alone, through faith alone,
in Christ alone.*
